A high quality, versatile, tile based office system that is designed to deliver high levels of productivity. LINKA workstations provide employees adequately private individual spaces with modern, customizable aesthetics. LINKA brings together elements of simplicity and functionality to generate a positive and creative workspace. The office space can be configured, as required, to incorporate open or semi-private areas that foster dialogues.

Linka 台架系統專為滿足開放式工作方式的 需要而設計。

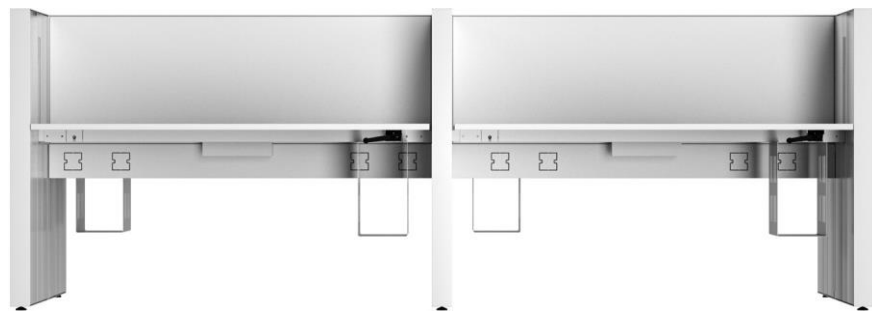

Linka 系列款式多變，不僅可以打造團隊協作且靈活的工作空間，
也能夠使員工更專注于工作。

Our stylish base designs are created for a modern workspace;
while maintaining the strength and sturdiness one expects
from an office workstation

Our under structures are powder coated with 70 microns of thickness to ensure scratch resistance, and durability. The panel frame also come in numerous colour options to suit your office design.
